<p>Welcome to the Perry floor plan, located in The Preserves at The Forum community in Grand Prairie! This two-story house includes four bedrooms, two-and-a-half bathrooms, a private study, an upstairs game room, and a two-car garage. This house spans 2,561 square feet and will be a lovely abode for you and your family! As you enter the home, you will notice the beautiful study by the front of the house. The study has vinyl flooring, two large windows that illuminate the room, and a storage closet. It is the perfect space for an office or library. Continuing through the foyer, you will find the powder room, which is finished with vinyl flooring, and the carpeted stairway. The family room, dining room, and L-shaped kitchen are just beyond the staircase. This open concept living and dining space makes this house perfect for hosting football celebrations or large family gatherings. The vinyl flooring and bright windows allow the room to glow with natural lighting. The L-shaped kitchen is equipped with stainless-steel appliances, a large kitchen island, and a tall pantry. The primary bedroom can be entered through the family room. This bedroom features carpet floors and two bright windows, allowing for sunlight to adorn the room with its rays. The primary bedroom opens to the primary bathroom, complete with vinyl floors, a standing shower, a double sink, and a separate toilet room. Returning to the stairway by the foyer and journeying up the stairs, you arrive in the carpeted game room. This room has carpet flooring and can serve as a movie room or playroom. The entry for the attic is located in the hallway. Resuming through the upstairs hallway, you will see the three secondary bedrooms and the secondary bathroom. Each of the three secondary bedrooms has carpeted flooring, a tall closet, and a large window. The secondary bathroom has vinyl floors, a double sink, and a tub-shower combo.</p> <p><i>Courtesy of Keller Williams Realty Lone St</i></p>

About RPR (Realtors Property Resource)

- Realtors Property Resource® is a wholly owned subsidiary of the National Association REALTORS®.
- RPR offers comprehensive data – including a nationwide database of 164 million properties – as well as powerful analytics and dynamic reports exclusively for members of the NAR.
- RPR's focus is giving residential and commercial real estate practitioners, brokers, and MLS and Association staff the tools they need to serve their clients.
- This report has been provided to you by a member of the NAR.

About RPR's Data

RPR generates and compiles real estate and other data from a vast array of sources. The data contained in your report includes some or all of the following:

- **Listing data** from our partner MLSs and CIEs, and related calculations, like estimated value for a property or median sales price for a local market.
- **Public records data** including tax, assessment, and deed information. Foreclosure and distressed data from public records.
- **Market conditions and forecasts** based on listing and public records data.
- **Census and employment data** from the U.S. Census and the U.S. Bureau of Labor Statistics.
- **Demographics and trends data** from Esri. The data in commercial and economic reports includes Tapestry Segmentation, which classifies U.S. residential neighborhoods into unique market segments based on socioeconomic and demographic characteristics.
- **Business data** including consumer expenditures, commercial market potential, retail marketplace, SIC and NAICS business information, and banking potential data from Esri.
- **School data and reviews** from Niche.
- **Specialty data sets** such as walkability scores, traffic counts and flood zones.

Update Frequency

- Listings and public records data are updated on a continuous basis.
- Charts and statistics calculated from listing and public records data are refreshed monthly.
- Other data sets range from daily to annual updates.
