This barely lived in and beautifully maintained three bedroom two and one half bath custom home built by the golf course developer offers wonderful one level living and the perfect amount of square footage for ease and comfort. All of the bedrooms have large walk in closets. Seasonal lake views off the front of the house and a beautiful wrought iron fenced in back yard which cascades into a green belt area. No backyard neighbors. Easy access to Highway 380, Lake Bridgeport is mere minutes from the property and the up and coming city of Bridgeport is just 10 minutes away with several great fine dining and casual dining options as well as two grocery stores. Lake Bridgeport is well known not only for fishing but water sport activities. DFW airport is less than an hour away and the rolling hills and trees in this small community gives you a north Texas rolling hill country vibe. The city also has a community pool during the summer months, swimming beach and fishing pier. You can also rent boat slips from the town at the Marina area. This home is one of the rare properties that utilizes natural gas. The fireplace and stove are natural gas and there is a line that is run to the water heater for future change potential over to natural gas. The house is also equipped with full foam insulation throughout.

Very well maintained and newer construction brick home that's just a stone's throw away from both Runaway Bay Golf Course as well as beautiful Lake Bridgeport for all the fun and sun. Situated on a high point in the neighborhood gives you a great vantage point of the surrounding area. This 3 bed, 2 bath has an open concept living and kitchen area with granite counters, ss appliances, tons of counter space for entertaining and soft close cabinets and doors throughout. Prepare any meal imaginable on the range that is also an air fryer and it has a built in downdraft vent to keep food smells out of the home. The primary suite is on one side and is generously sized with an en suite bath that features dual sinks, a deep, soaking tub, separate shower and a good sized walk in closet. Two guest rooms are situated on the other side of the home and they share a full bathroom. There are lots of thoughtful touches here--programmable garage door with IQ technology with on the go app access, custom storage shelving in garage, soffit lighting on the exterior that's on a timer, rounded corners on all interior walls, programmable thermostat as well as a recordable Ring doorbell. Neutral color palette makes decorating a breeze and the extra closets and cabinets throughout the house allow for plenty of storage. Nice, large dog proof cedar back yard fence with metal posts for longevity and a covered side porch for unwinding at the end of a long day. This home has an efficient footprint but lives like a larger home. Check out this gem that has something for everyone.

About RPR's Data

RPR generates and compiles real estate and other data from a vast array of sources. The data contained in your report includes some or all of the following:

- Listing data from our partner MLSs and CIEs, and related calculations, like estimated value for a property or median sales price for a local market.
- **Public records data** including tax, assessment, and deed information. Foreclosure and distressed data from public records.
- Market conditions and forecasts based on listing and public records data.
- Census and employment data from the U.S. Census and the U.S. Bureau of Labor Statistics.
- **Demographics and trends data** from Esri. The data in commercial and economic reports includes Tapestry Segmentation, which classifies U.S. residential neighborhoods into unique market segments based on socioeconomic and demographic characteristics.
- **Business data** including consumer expenditures, commercial market potential, retail marketplace, SIC and NAICS business information, and banking potential data from Esri.
- School data and reviews from Niche.
- Specialty data sets such as walkability scores, traffic counts and flood zones.

Update Frequency

- Listings and public records data are updated on a continuous basis.
- Charts and statistics calculated from listing and public records data are refreshed monthly.
- · Other data sets range from daily to annual updates.
